

Renfrew & Area Seniors' Home Support works to support the independence of seniors and adults with disabilities living in the Renfrew area. More specifically, Renfrew and Area Seniors' Home Support provides service to people residing in:

- the Town of Renfrew**
- the Township of Horton**
- parts of Admaston/Bromley**
- parts of Greater Madawaska**
- parts of McNab/Braeside**
- parts of the Whitewater Region.**

As one of several Home Support programs throughout Renfrew County, we work cooperatively with similar programs that boarder our area. Should we receive a call from someone in an area that is noted above as 'partially' served, they may receive service from our program or perhaps a neighbouring Home Support, depending on their specific location within the municipality. Call our office at 613-432-7691 for further service details.
